

PLANING BEFORE RENOVATION

Seven Remodeling Hints

1. Pack everything that won't be needed into boxes. This will keep things dust-free.
2. Keep essential items handy: basic food that can be micro waved, condiments cereal, microwave-safe dishes and utensils, dishcloths, dishwasher soap, paper plates and cups, coffee, coffeepot and sugar/creamer, paper towels, napkins and garbage bags.
3. You will be without water in the kitchen for a short time if you getting new countertop. You may need to do dishes in another sink or the bathtub for a while.
4. We recommend waiting until cabinets have arrived or being contacted by us with confirmation of start day, before tearing out your current cabinets.
5. Set up the microwave and refrigerator in another area, along with a table for preparation.
6. Stockpile restaurant coupons for the nights when you really want to eat out.
7. Relax and rely on your kitchen designer. There will be a beautiful kitchen when all the dust is gone!!
